

St. John's College Dining Society Membership Fee Only Request

A resident who will be temporarily residing away from the College for 2 consecutive weeks or more in a calendar month may request the option of paying only a Dining Society Membership fee for that month. The Dining Society Membership fee covers the Dining Society's overhead costs and ongoing financial commitments, but not food costs. All Dining Society fees are determined by the Dining Society and are reviewed periodically. Currently, the membership fee is 50% of the meal plan fee plus GST.

The resident must use meal tickets or credit vouchers to purchase breakfasts and dinners while in residence during that month and is not entitled to credit vouchers for missed dinners. The resident must submit a request to pay only the Dining Society membership fee at least one week prior to the beginning of the month during which the absence will occur, stating clearly the dates of absence from the College.

Name: _____ Room: _____

Month / Dates: _____
